

Niagara Region Public Health

Menu of Services for Child Care Facilities

Germs are not for sharing

We offer staff guidance and in-services on:

Preventing the spread of germs

Managing illness

Common communicable diseases

Cleaning and disinfection of toys and the environment

Infection Prevention and Control (IPAC) policy development and review

Animal care (visiting and resident animals)

Outbreak management

Hand hygiene and cough etiquette

Things that bite (ticks and Lyme, bed bugs, head lice)

Food safety

Routine immunizations and vaccine hesitancy

A health professional can come to your facility and provide the children with an interactive experience on:

Clean your hands

Cough and sneeze etiquette

Storytime – Germs are not for sharing
