You will come away with new energy and purpose to motivate and inspire your staff, children and families.

Building Positive Strength-Based Teams - Thursday September

30, 2021 • 9:00 to 11:30 am • [Click here to register](#)

Children thrive in environments where the adults model positive relationships and create communities based on trust and respect. In this workshop, we will examine the impact that toxic stress in a classroom has on young children's brain development and social-emotional skills. We will explore strategies for enhancing your professional skills to help you communicate effectively with your co-workers, as well as techniques to reduce gossip. We will use the NAEYC Code of Ethical Conduct as a guide to creating strength-based team relationships and a positive, supportive, respectful environment for children, and adults.
